

Axygen® Axyspin Mini Plate Spinner Centrifuge

AXYGEN®

A Corning Brand

The Axxygen Axyspin Plate Spinner is the first centrifuge designed specifically for quick and easy centrifugation of samples in PCR plates or microplates.

- ▶ Capacity for two standard plates
- ▶ Top loading design
- ▶ Exceptionally small footprint
- ▶ Starts and stops in seconds

Improves PCR Yield

Centrifuges that accept microplates are typically larger units that take up valuable space on the bench. The unique design of the Axygen® Axyspin Plate Spinner allows for a compact centrifuge that has an extremely small footprint. Two standard microplates are loaded through a slot in the top of the unit. Sealed plates are loaded vertically. Surface tension keeps samples in place so there is no danger of spilling. Upon closing the lid of the unit, the rotor quickly accelerates the microplates to 2,500 rpm. Opening the lid engages the brake and brings the rotor to a stop. For temperature sensitive applications, the Plate Spinner may be used in a cold room.

The Axyspin Plate Spinner is perfect for use with the Axygen 96 well PCR microplates, including the popular PCR-96-FS-C and PCR-96M2-HS-C.

Specifications

| | |
|-------------------------|--------------------------------|
| Speed | 2,500 rpm |
| Maximum Capacity | 2 standard PCR microplates |
| Ambient Operating Range | 4° to 35°C |
| Dimensions | 6" x 6" x 7" (16 x 16 x 18 cm) |
| Weight | 3.3 lbs (1.5 kg) |

Ordering Information

Axygen Axyspin Mini Plate Spinner Centrifuge

| Cat. No. | Voltage | Plug Type | Qty/Cs |
|--------------------|-----------|-----------|--------|
| Platespinner-120 | 120V/60Hz | US | 1/each |
| Platespinner-230EU | 230V/50Hz | EU | 1/each |
| Platespinner-230UK | 230V/50Hz | UK | 1/each |
| Platespinner-230AU | 230V/50Hz | AU | 1/each |
| Platespinner-100JP | 100V/60Hz | US | 1/each |

In our continuous efforts to improve efficiencies and develop new tools and technologies for life science researchers, we have scientists working in Corning R&D labs doing what you do every day, across the globe. From collection to analysis, our technical experts understand your challenges and your need for simplified, efficient, low- to high-throughput genomics processes.

A combination of global manufacturing expertise, extensive use of in-house automation, an unsurpassed commitment to product innovation and a thorough understanding of your processes enables Corning to offer a beginning-to-end portfolio of high-quality, reliable consumables and reagents for genomics applications.

Warranty/Disclaimer: Unless otherwise specified, all products are for research use only. Not intended for use in diagnostic or therapeutic procedures.
